

# RAGNO POD

**CARTONI**  
PROFESSIONAL CAMERA SUPPORT

**RISE ABOVE.  
SHOOT BEYOND.**

Designed & Made in Italy

## ENGINEERED TO PERFORM

Classic craftsmanship reinvented. The new Cartoni Ragno Pod is a portable tripod riser and operator platform that elevates camera setup by over 2 feet (629mm), giving videographers & filmmakers a clear, unobstructed view above crowds and obstacles. Designed for professional operators to cover live events, news, houses of worship, sports, and performances, the Ragno Pod delivers rock-solid stability, quick setup in minutes, and operation in any environment.

## STRONG BY DESIGN

Constructed from aviation-grade aluminum, the Ragno Pod combines lightweight with exceptional strength. Its wide tripod footpath supports all popular tripods equipped with floor or built-in spreaders and rubber feet. A single adjustable leg allows for perfect leveling on uneven surfaces, while a patented secure locking mechanism keeps the three legs firmly in place during operation. Engineered with precision and crafted for performance, Ragno Pod delivers uncompromising stability and effortless elevation.

## OPTIONAL OPERATOR PLATFORM

The optional foldable standing platform provides a spacious, anti-slip surface for operators. By keeping the platform separate from the tripod base, vibration transfer is minimized, ensuring steady, professional shots. The platform attaches neatly to the Ragno Pod for transport and fits easily into the included padded carrying case for effortless mobility.

## RAGNO POD SPECIFICATIONS

WEIGHT	9 KG [19.84 LBS]
MAXIMUM PAYLOAD	100 KG [220.46 LBS]
FORWARD LEG STROKE	220 MM [8.66 IN]
HEIGHT	629 MM [24.76 IN]
OVERALL DIMENSIONS (STORAGE)	727.5 X 705 X 91 MM [28.64 X 27.76 X 3.58 IN]
FOOTPRINT DIAMETER	Ø1343 MM [52.87 IN]
PADDED CARRYING CASE WEIGHT	1.5KG (3.3 LBS)

## OPERATOR PLATFORM SPECIFICATIONS

WEIGHT	6.2 KG [12.78 LBS]
MAXIMUM PAYLOAD	150 KG [330.69 LBS]
HEIGHT	544 MM [21.4 IN]
